### **Accountant's Accelerator® Starts Its Sixth Year**

The Accountant's Accelerator program, a yearlong training and coaching program for accountants, starts a brand new year in September 2015. The program teaches CPAs, bookkeepers, accounting software consultants, EAs, and tax preparers a whole new way to think about their businesses so they can earn more, work less, and serve clients better. Topics include practice management, marketing, pricing, time management, staffing, and technology.

Program features new for 2015-2016 include three- and six-hour intensives on topics such as online marketing, value pricing, and converting clients to cloud accounting as well as group Q&A and materials review webinars now with CPE. The program includes live monthly webinars as well as a library of videos, audios, ebooks, forms, samples, and templates specifically designed for accountants in solo and small practices.

To introduce the program, a complimentary webinar, "6 Ways to Boost Your Revenue in Your Accounting Practice," will be held September 2, 2015 at noon EDT. Accountants can register here: <http://acceleratorcpe.com/free-cpe/>

Accountant's Accelerator is taught by Sandi Leyva, CPA, an award-winning thought leader who has helped many accountants grow their businesses through her innovative coaching and training services.

Accountant's Accelerator alums include hundreds of QuickBooks ProAdvisors, bookkeepers, CPAs, accounting software resellers, part-time CFOs and controllers, accounting professionals in their first three years of business, and savvy accountants who simply want to learn everything they can about practice management and marketing. Details about the course can be found here: <http://accountantsaccelerator.com/programs/accountants-accelerator-network/>

The Accountants Accelerator program is offered by Sandra L. Leyva, Inc. With over 1,200 clients in 7 countries, Sandra L. Leyva, Inc. offers training programs as well as done-for-you marketing services, including videos, websites, and client newsletters. Visit <http://accountantsaccelerator.com/> for more information.
